

The CERIC Method for Critically Reading Primary Literature
George Boon, Ed.D., Johns Hopkins; and Adam Burger, Ph.D., UCSB

INTRODUCTION

CERIC, Data, Evidence, Analysis, Interpretation, and Context

Although reading primary literature (PL) is a core skill in higher education, it is not being taught by professors. Instead, students are being taught to read, not to think. The CERIC method is a novel approach to the PL reading process. It is designed to help students develop the skills and strategies needed to read PL effectively. The CERIC method is a novel approach to the PL reading process. It is designed to help students develop the skills and strategies needed to read PL effectively.

METHODS

The CERIC method is a novel approach to the PL reading process. It is designed to help students develop the skills and strategies needed to read PL effectively. The CERIC method is a novel approach to the PL reading process. It is designed to help students develop the skills and strategies needed to read PL effectively.

RESULTS

The CERIC method is a novel approach to the PL reading process. It is designed to help students develop the skills and strategies needed to read PL effectively. The CERIC method is a novel approach to the PL reading process. It is designed to help students develop the skills and strategies needed to read PL effectively.

CONCLUSIONS

The CERIC method is a novel approach to the PL reading process. It is designed to help students develop the skills and strategies needed to read PL effectively. The CERIC method is a novel approach to the PL reading process. It is designed to help students develop the skills and strategies needed to read PL effectively.

DISCUSSION

The CERIC method is a novel approach to the PL reading process. It is designed to help students develop the skills and strategies needed to read PL effectively. The CERIC method is a novel approach to the PL reading process. It is designed to help students develop the skills and strategies needed to read PL effectively.

APPLICATIONS

The CERIC method is a novel approach to the PL reading process. It is designed to help students develop the skills and strategies needed to read PL effectively. The CERIC method is a novel approach to the PL reading process. It is designed to help students develop the skills and strategies needed to read PL effectively.

RECOMMENDATIONS

The CERIC method is a novel approach to the PL reading process. It is designed to help students develop the skills and strategies needed to read PL effectively. The CERIC method is a novel approach to the PL reading process. It is designed to help students develop the skills and strategies needed to read PL effectively.
